| SDWS Information  |                 |                                   |  |  |
|---|-----------------|-----------------------------------|--|--|
| SDWS Name:  |                 |                                   |  |  |
| System Number ( if assigned):   |                 |                                   |  |  |
| Address:  |                 |                                   |  |  |
| City/Municipality:  |                 |                                   |  |  |
| Postal Code:  |                 |                                   |  |  |
| New Re-opening for the  | season Shut dow | n for alterations or construction |  |  |
| Date of proposed opening:   |                 |                                   |  |  |
| Water samples are required prior to water being offered to users after a period of closure. |                 |                                   |  |  |
| Sample results attached: Yes Pe   | ding            |                                   |  |  |
| Owner Information   |                 |                                   |  |  |
| Name:   |                 |                                   |  |  |
| Address:  |                 |                                   |  |  |
| City/Municipality:  | Postal code:    |                                   |  |  |
| Phone:  | Email:          |                                   |  |  |

## Section 2 - Responsibilities of Owners and Operators:

O. Reg. 319/08, s. 6(1) requires the owner of a Small Drinking Water System to designate an operator who has primary responsibility to fulfill the requirements of all sampling, testing, receipt of results, and submission of reports.

| Designated Operator Information  |              |       |  |
|--|--------------|-------|--|
| Operator Name:   |              |       |  |
| Address:   |              |       |  |
| City/Municipality:   | Postal code: |       |  |
| Phone:   | Email:       |       |  |
| Declaration Owner  |              |       |  |
| I acknowledge, whether acting as the owner or as a partner/president/signing officer representing the owner, acknowledge that the information provided in this form is accurate and complete.  According to the Health Protection and Promotion Act, an operator is defined as the individual(s) responsible for overseeing activities at the Small Drinking Water System. It should be noted that there may be more than one operator at a Small Drinking Water System.  The person identified above as the operator for the specified Small Drinking Water System holds primary responsibility for fulfilling the duties of the operator, including sampling, testing, receiving results, and submitting report. |              |       |  |
| First and Last Name:   |              | Date: |  |
| Declaration Operator   |              |       |  |
| ☐ I acknowledge that the owner has entrusted me with primary responsibilities for carrying out the operator's duties related to sampling, testing, receiving results, and submitting reports for this small drinking water system.   |              |       |  |
| First and Last Name:   |              | Date: |  |
